

# REACH YOUR GOALS WITH Chiropractic

**“As a TV sports anchor, I am always interviewing world class athletes — many attribute their success to the care only a doctor of chiropractic can provide.”**

Television Anchor — ESPN,  
Author and Hockey Goalie  
— Linda Cohn

On or off the air, Linda Cohn is always active — and confident that chiropractic is a key to her success.

In the traditionally male-dominated business of sports broadcasting, Cohn set a precedent when ABC hired her as the first full-time female sportscaster on a national radio network. Cohn is passionate about sports and has fantastic, unique experiences working on ESPN's popular *SportsCenter*.

“Sports are an important part of my life, both personally and professionally. I love to play hockey, and chiropractic care allows me to enjoy being active. As a TV sports anchor, I am always interviewing world class athletes, and many attribute their success to the care only a doctor of chiropractic can provide.”

She joined ESPN in 1992, has anchored *SportsCenter*, and has reported on a range of sporting events, including the extreme winter sports competition, the *X-games*, the men's *Final Four* basketball championship, and NASCAR's *Chase for the Cup* race. Cohn authored *Cohn-Head. A No-Hold-Barred Account of Breaking into the Boy's Club*.
